

CAPABILITY STATEMENT

We build effective, modern solutions in months, not years.

About Us

We are a Claris FileMaker software development company with seven offices - located in Austin, Chicago, Dallas, Omaha, Orange County, Seattle, and Vancouver. With over 30 years of Claris FileMaker experience, we are experts in supporting and developing in any environment, such as Windows, Mac, Linux, iOS, and Android. We are experienced web application developers as well, whether your project involves FM BetterForms, Web Direct, or other web application dev tools. We enjoy bringing the most up-to-date and capable solutions to the table.

Our Expertise

- Custom business solutions for unique needs, delivering your organization a competitive edge
- Seamless cross-platform functionality (desktop, tablet, web, mobile)
- Intuitive and efficient interface & workflow design for smooth operations and productivity

Our Services

As your Claris FileMaker experts, we provide a range of services to help streamline your business processes and improve efficiency.

- Custom FileMaker Desktop & Web Development
 - Vue.js, Angular, MySQL, SQL Server, JavaScript, FM BetterForms
- Mobile App Development
 - iOS, Android, Web Apps
- Existing FileMaker Software Support, Database Optimization & Upgrades
- Integrations: Web to Database, WebDirect, FileMaker Data API, Third-Party APIs

YOUR CERTIFIED FILEMAKER EXPERTS

5-STAR
GOOGLE RATING

Vertical Market Solutions

Working With Us

- We take a problem-solving, agile approach and we understand your business challenges
- We provide holistic, end-to-end, reliable, and scalable solutions, with professional project management
- Our commitment to long-term partnerships has given us the opportunity to work with clients for 5, 15, & even 30 years

Our Team

- Our small, experienced team of developers, designers, and support staff is welcoming, and we enjoy working together
- We provide on-budget, top-notch support throughout development, deployment, and afterwards
- We combine technical expertise with strong, collaborative conversations, to bring about successful projects

John Newhoff
Senior Partner

Connecting with friends and family is what I enjoy the most, especially if we can fly somewhere at the same time!

Kate Waldhauser
Managing Director • Lead Developer

As an outdoor fitness enthusiast, I enjoy swimming in spring-fed rivers or clocking miles with my daughter in the jogging stroller.

Mike Ross
Business Analyst • Senior Application Developer

I enjoy nightly trail walks with the dogs, cooking for family and friends, and hosting Seahawks football.

Joe Ranne
Senior Application Developer

An ideal day involves a bicycle, climbing a remote mountain pass, camping with friends/family, bundled with an ethereal soundtrack. And ramen.

Annie Woyna
Office Manager • Project Coordinator

I enjoy spending my free time reading, camping, and watching my three kids grow up.

Lon Cook
Senior Application Developer

*"It takes guts to be gentle and kind."
- The Smiths*

Brandynn Stanford
Licensing & Hosting Manager • Project Coordinator

I'm married to my high-school sweetheart and my happiest moments are when hearing our children and grandbabies laugh.

Russell Heppell
Associate Application Developer

My creative passion is music, whether it's writing, recording or playing live shows with my band around Seattle.

Charles Wiltgen
Senior Application Developer

Some of my favorite things are my family, gardening, camping, and raising rabbits.

Tabitha Stanford
Digital Marketing Assistant

I once stayed up until two A.M. just to watch the last-ever live stream of a favorite YouTube channel.

Jacob Carr
Lead Developer, Web Apps

Family man, fisherman, & motorcycle enthusiast, always on the hunt for new adventures. There's always something exciting on the horizon.

Xandon Frogget
Senior Application Developer

I love VR, AI, and spending time with my twin teens.
